NO COMPROMISE YET.

The Force of the Companies Growing Weaker.

The Railroads Cautioned Not to Afford Aid and Comfort to the Western Union, on the Penalty of Their Operators Being Ordered Out The Exchanges Denouncing Gould's Monopoly.

NEW YORK, July 26 .- The situation down town as far as the effects of the strike are concerned is unchanged, and business is still very seriously injured by interruption of telegraph facilities. At the Produce Exchange the members are becoming impatient, and a petition signed by many firms was presented to the President, asking him to call a meeting for the purpose of con-sidering the trouble between the Western Union and its employes, and also to take measures to overcome the serious injuries the trades suffer by reason of the strike.

At the Stock Exchange the complaints and protests are also growing louder and louder. Mr. Frederick Talcott declared that something must be done to settle this difficulty, as the public could not stand this state of affairs. He represented that the feeling on this matter is becoming more and more intense among members of the Exchange. Mr. Henry Clews corroborates this. He says the company made a great mistake in not compromising with the operators at first instead of slapping them in the face and declares the only outcome o the fight must ultimately be a compromise. The brokers believe the claims of the strikers are just. President Orton, he says, would never have permitted the mistake of allowing the operators to

Chicago, July 26.—The Executive Committee of the Brotherhood in this city formally notified the Chicago, Burlington & Quincy, Chicago, Rock Island & Pacific, Chicago & Alton, Chicago & Atlantic, Chicago & Eastern Illinois, Chicago & Northwestern, Chicago & Western Indiana, Illinois Central, Chicago, Milwaukee & St. Paul that if they continue to transfer the services of their operators to the Western Union Company it would be necessary to "order the railroad men who are members of our order to join us in the fight for

Boston, July 26 .- Forty operators are working at the Western Union office. One of the clerks stated that the company was altogether behind in sending messages and that matters were growing worse every hour.

BUFFALO, N. Y., July 26 .- The Western Union force here is becoming daily less able to cope with business, notwithstanding its great diminution from the restrictions imposed, and the necsssity of refusing en irely to many points.

MILWAUKEE, July 26 .- At a meeting of the Chamber of Commerce resolutions were introduced and laid over under the rules, denouncing the Western Union for its monopolizing tendencies, and demanding the prompt restoration of those telegraphic facilities "which the company has arrogated to itself to furnish the public." The resolutions were received with loud cheer-

NEW YORK, July 26 .- The American Rapid Telegraph Company has its old force of operators now at work. They were ordered to resume by the Brotherhood, which the company has officially recognized. The Baltimore & Ohio has offered to recognize the Brotherhood, and has submitted a basis of compromise, which the Brotherhood now has under consideration.

An interview had with a member of the sub-committee appointed by the Western Union to hear the grievances of the employes revealed the fact that only three persons have communicated with them. One of these had been dismissed for cause, and another, whose name was already on the list for promotion. The committee had ascertained that during the past twelve months 3,000 employes had had their salaries advanced on merit, and further, that three several lists were in the hands of the officers by recommendations of the chiefs of the different departments for advance salaries for meritorious service. The subcommittee did not consider the question of the strike, except that incidentally a feeling of satisfaction was expressed in regard to the present posture of telegraphic busi-

BALTIMORE, July 26 .- It is said here, on the best authority, that the American Rapid and the striking telegraphists have agreed upon a compromise, and the men have been ordered to resume work. The basis of the agreement is an advance of ten per cent. on salaries, extra pay for all work done over eight hours for day and seven hours for night work, and extra pay for all Sunday work.

CINCINNATI, July 26 .- Business men are becoming restive in regard to the delay of matter by telegraph. They are in sympathy with the strikers and blame the company. It is possible suits may arise. Meetings of business men have been held in Philadelphia, Indianapolis and other large cities blaming the company for the

Boston, July 26 .- The striking operators resolved unanimously to telegraph Chairman O'Connor, of the Executive Board, requesting him to immediately order out the operators employed by the Associated Press.

returned a verdict of murder in the second degree, and fixing the punishment at twenty-five years in the penitentiary, the full penalty of the law. Defendant's counsel gave notice of a motion for a new trial, and he granted four days in which to file the motion. Stein bore up well and preserved a calm demeanor during the reading of the verdict.

MASONIC TROUBLES.

Canadian Masons Do Not Dwell Together in Fraternal Unity.

MONTREAL, July 26 .- Up to 1856 the Masonic lodges of British North America were subject to the Grand Lodges of England and Scotland, but in that year petitions were sent to these Grand lodges for the formation of the Grand lodge of Canada, but twenty-five or thirty of the subordinate lodges refused to withdraw their allegiance to the English and Scotch authority. The Grand Lodge of England gave up her rights in Canada to the Grand Lodge newly formed, and the agreement was faithfully observed until 1867, when one-half of the lodges in the Quebec province refused to recognize the Grand Lodge of Canada and formed the Grand Lodge of Quebec. The fight continued until 1875, when the former Grand Lodge retired from the field into Upper Canada. The Grand Lodge of Quebec then began a war on those lodges that remained under Eng-

One of the members of the Grand Lodge of Quebec selected William Ross, a wellknown merchant in Glasgow trade, and the present W. M. of St. George's (No. 440, English Register), and without his consent or knowledge proposed him in one of the Quebec lodges. He was accepted, and a few months afterward he, unknown to himself, was complained of for non-payment of dues, and tried, convicted, and expelled from the lodge. He was then advertised in the Masonic press of the province. All this, it is alleged, was done at the instigation of the ex-Grand Master and the present Grand Secretary of the Grand Lodge of Quebec. This made things very unpleasant for Mr. Ross. He was "boycotted," and his business, that of a merchant in naval stores, suffered greatly, the statements being widely spread among merchants and naval men, who are for the most part Masons. Mr. Ross says that he tried all Masonic modes for obtaining redress, and, failing, he then traced the libel to the present Grand Secretary of the Grand Lodge of Quebec, John H. Isaacson, notary; and to protect himself and his business he laid the matter before John J. Maclaren, Queen's Counsel, who caused the arrest of Isaacson on criminal libel. Other grand officers will in all probability be arrested later on The case excites the greatest interest.

FORGING A WILL.

Shrewd Transactions of a

Mississippian. Vicksburg, Miss., July 26 .- In October, 1878, Gen. Thomas M. Griffin, of Hinds county, and his wife, died of yellow fever within a few days of each other. A will bequeated all of his property, more than \$30,000 to his wife, and in case of her death to his nephew, F. M. Griffin and his heirs forever. Griffin immediately took possession of the place and a short while ago made a voluntary deed to one-half ot Bellemont Place, in Hinds county to his wife. In 1880 Griffin became indebted to Col. E. Richardson, who attached Bellemont Place. Griffin gave him a deed of trust on it for \$12,000. Col. Richardson transferred the deed to S. P. Withers. Last December Griffin gave Withers a deed to the whole of Bellemont Place in consideration of the surrender of the deed of trust and payment of a large amount of cash. In all of these transactions Griffin had been joined by his wife, and February last Grittin's wife, through him as next friend, brought an ejectment suit against Withers, claiming one-half of the entire place, which was conveyed to her by voluntary deed of her husband, she holding that her deed to Withers was sid on account of her minority. Attorney for Withers examined the will of General Griffin. A comparison of the genuine signatures of General Griffin and that attached to the will showed such a marked difference that suspicions were aroused and Withers swore out an affidavit against Griffin, charging him with forging the will. Griffin was arrested and admitted to bond in the sum of \$10,000. When the case was called Griffin was nowhere to be

An Exacting Husband.

NEW YORK, July 26 .- Mrs. Dora B. Banta accuses her husband, in a petition for limited divorce, of squandering his money on an actress, whose acquaintance he formed some time since. It is claimed that the wife and her child for this reason have no means of support. In addition to this Mr. Banta alleges that her infatuated spouse asked her to kill herself so that he might be happy with the actress. Mrs. Banta did not oblige her husband, whereupon, as further alleged, the latter sent a lawyer around to her with divorce papers, intending to have them drawn up for her signature. She refused to sign, and the husband acted in such a manner that Mrs. Banta says she could no longer live with

Mr. Banta, in an affidavit read in opposition, denied that he has failed to support his wife, and asserted that she left him and took all his clothing with her, notwith-standing the fact that he had furnished his house in elegant style Judge Haight reserved his decision.

Fight Stopped by Women.

WILKESBARRE, PA., July 26 .- A desperate prize fight for \$500 was fought near Nanticoke. The principals were Paddy O'Brien, a saloon keeper, and Mike Breese, a miner. Eleven rounds were fought, when a crowd of women broke into the ring.

SANITARY AFFAIRS.

What a Corrupt Council Has Done For the Queen City.

A Board of Health Markedly Inefficient and Expectantly Corrupt-A Sketch of Cincinnati's Political

Special to Am. Press Association.

CINCINNATI, July 26 .- Was there ever a city so beset by unadulterated idocy and corruption in the management of its affairs as Cincinnati? In fact her municipal government is the broadest kind of a nuisance, of which men who are either too lazy, dishonest or ignorant to do anything decent have control. The two boards of council, with very few exceptions, are noticeable for the inefficiency of its members. I can count out of the eighty Aldermen and Councilmen not more than a dozen whose ability, standing and business capacity entitle them to such position. There is a beauti-ful fiction outside that Aldermen and Councilmen of this city are representatives of the worth of their wards. Were this so, one need only go to the City Buildings when one or both boards as Common Council are in session to be convinced that the inhabitants of many wards are either rascals like their representatives, or totally incapable by their votes of giving decency and honesty a chance in the city government. It is not intelligent rascality that I am growling about, but that of ignorance and depraved moral natures, men who know nothing of virtue because they never practiced it, and would not if they did know. They are the result of political bummerdom, possessing a certain kind of shrewdness that has enabled them to rise above their colleagues of pot house caucuses and audaciously crowd out of honorable position men upon whose ability and integrity the city should depend for its management. Bah! It makes one doubt his own honor to be governed by such men. I only express in this what every good

citizen thought when he learned of the

Common Council's action in the appointment of a Board of Health. After long delay, plot, counter plot, intrigue and trade that dishonorable body has given the city five saloon keepers out of a board of seven members, who have the power to conduct sanitary affairs. Some may regard it as a joke, but it is of a very serious character, for it embodies brazen-faced corruption in appointing men to control a department of which they know nothing except to make appointments of subordinates for political purposes, or by out and out trade in which cash of greater or less amount passes to the member making the appointment. Granted that the common belief that officers or their character are always looking out for number one, is not applicable in this case, what do they know about sanitary science? The new board is in no degree an improvement on the old, about the dishonesty and inefficiency of which such a din was raised that Council had to abolish it. This was some months ago, and all that time the health department has been run in a hap-hazzard manner, with no authority to which citizens could look for sanitary service. The health officer has maintained a show of doing something, but he drew no pay, for Council would not allow it and the sanitary officers have patrolled their districts without remuneration, in the hope that their self-sacrifice would retain for them some consideration when the new regime came in. The city was never in a filthier condition, and were cholera to strike it now, God knows what would become of us. As for any protection the new board can give, affairs might as well be run as they have been the past few rew months. Everybody expects, that is, everybody who is not a ward striker or a political bummer, to deservedly abuse the new members, for the record of shortcomings, evil and political dirt they will make is foretold by the character of the board. They will put up their appointments of Health Offices, District Physician, Market Master and assistants to the highest bidder. In turtherance of personal scheme and those of friends in the local campaign this fall, not only will the influence of the board be used, but the city's funds and the officers under authority of the board. A precious deal it is, a wonderful tribute to the nastiness that prevades local politics. When the Legislature meets of course there will be efforts to have the city provided with a new sanitary government, but in the meantime the board has the power to do a great deal of harm, and it will do it. For the sake of politics and personal profit the city's health has to suffer.

Webb's Fate.

BUFFALO, July 26 .- Interest in the fate of Captain Webb is unabated. The belief is almost general that he perished in the whirlpool. His manager telegraphed Mrs. Webb: "Poor Matt has not turned up. I hope to find him before morning." Kyle said possibly Webb was alive in some inaccessible place. Bets are said to have been made that he is alive, and one gentleman said he believed it was a dummy that went down the rapids, and that Webb will be found somewhere below the whirlpool. Eye witnesses of the attempt insist that there is no ground for such talk or for the hope that he is alive.

A BOLD FRAUD.

Personating a United States Pensioner and Drawing a Pension.

PHILADELPHIA, July 26 .- On June 28 last

the application for a pension by Mrs-Priscilla Carpenter, for the death of her husband, John E. Carpenter, was passed by the pension office, and papers bearing that date were forwarded to Pension Agent Sickel and the applicant. A woman, purporting to be Mrs. Carpenter, called at the pension office and made a demand for the A voucher was prepared, and the alleged Mrs. Carpenter signed her mark, and two men who accompanied her signed their names as George Smith and Henry Frank. A check on the sub-treasury for \$1,785 was drawn and handed to the woman. She appeared at the sub-treasury and drew the money. Soon afterward the woman reported to the police that she had not been given a fair proportion of the money. She said her name was Lilian L. Briggs, of Wilmington, Del.; that she had never seen either of the men until she met them on the street, and was persuaded by them to impersonate Mrs. Carpenter and obtain the money. After securing the money she said Frank seized the package and ran away. The detectives arrested both men, when Smith was recognized as George Rankin, a professional bail goer. When Frank was searched, \$1,635 of the money was found in his possession. The priso ers were ar raigned before United States Commissioner Gibbons, and Frank and Rankin were committed in default of \$3,000 bail. The woman was held in \$1,000 bail as a wit-

THE GREAT REUNION.

Great Gathering of Soldiers, Sailors,

and Spectators at Columbus. COLUMBUS, July 26 .- The weather is all that could be desired to insure the comfort and pleasure of the thousands of visitors who have come to the city, and this the second day of the great reunion has been one of the most delightful of the occasion. The expectations as to the crowd were fully realized. From early morning a stream of comrades and general excursionists wended their way from the depot. the former in search of their respective headquarters, and the latter bent up n seeing all that was to be seen. Excursionists were brought in by all the roads, and the number of strangers in the city amounted to many thousands, but there is no way of estimating the number. Considerable disappointment was manifested over the information that General Grant would not be here. The streets were beautiful with the numberless banners and decorations fluttering in the breeze and sunlight, and the air was resonant with the music of bands used by the local comrades in escorting their guests from the depot.

Reception in Capitol square speeches were made by Governor Foster, ex-President Hayes, and others, and telegrams of regret read from distinguished soldiers and citizens of all parts of the country. At Camp Dennison speeches were made by Judges Foraker and Hoadly, and Generals Gibson, Foster, Hayes and others. The ex-prisoners of war and regimental meetings were held and a grand display of fireworks closed the day.

HEROIC ACT.

Sayed From Being Run Over By An Express Train.

BROOKLYN, July 26 .- A rain storm scattered the excursionists at Woodside, Long Island, and most of them rushed to the railroad stationed. An express train followed by the regular passenger train passed between two crowds, one on either platform, and as soon as the road was clear number of passengers going to New York, but on the wrong side of the tracks, attempted to doss. Nobody was more efficient in trying to avert danger than Deputy Sheriff Michael Quinn. When the train was twenty yards from the station, one of the excursionists -a woman-still stood upon the track paralyzed with fright. The engineer, who saw the woman, tried to stop the train, and her fate seemed to be sealed, when Quinn jumped from the platform and threw his arms around her waist, and with great effort threw her almost headlong from the track. The next second he was hurled twenty feet away by a blow from the en-

Quinn's head was cut open and his side crushed in. He died in twenty minutes. The name of the woman whose life he saved is not known.

Sioux Sun Dance.

ROSEBUD AGENCY, DAK., July 26 .- The annual sundance of the Sioux Indians occurred at the camp near the agency, about 1,000 savages being present from all parts of the reservation and a number of white visitors. Fifteen warriors entered for the dance, having fasted four days before en-tering upon it. The bodies of all these were frightfully lacerated according to the usages of the tribe, attesting the game qualities of the participants. It is probable this is the last time these cruelties will be permitted, as a strong effort will be made to have the Government interdict the barbarous practice.

Labor Question.

WASHINGTON, July 26 .- The Senate of the last Congress appointed a committee to investigate the relations of labor and capital, the condition of the laboring classes and all matters of like import. A dispatch from Concord, N. H., however, announces that Senator Blair has started for New York, where he will summon the committee to assemble at once to consider the present strike of the telegraphers.

The committee will travel and hold sessions at various points in the North and East and in other sections of the country during the ensuing two months.

CHOLERA IN NEW YORK

General Alarm Over the Approach of the Epidemic.

A Ship Load of Infected Rags From Egypt-Disease Lurking in the Rottenness of Hoboken Meadows.

Special Cor. of Am. Press Association. NEW YORK, July 26 .- There is not pre-

cisely a cholera scare here, but there is a great deal more uneasiness felt than is apparent on the surface. It is generally admitted that the epidemic has got a firmer grip than it has had for years, and it is believed that many more case shave already occurred in London and other European cities than have been reported. Of course if London or any other of the great cities of Europe has a cholera visitation, it will be only a question of time, and a very short time at that, before the epidemic will make its appearance here. In fact, two suspicious cases have already occurred in the hospital and the health and other city officials are beginning to seriously consider what shape New York is in to meet a grand emergency. As usual the city is disgracefully dirty, and should cholers now break out nothing could prevent its creating terrible havoc. People living in some parts of town and in some of the outskirts have become much alarmed and are making complaints and urgent demands for renovation. In the vicinity of the Hoboken meadows the situation is simply scandalous. These flats have long been used as a dumping ground for all the offal and garbage from the city, and the stench they emit poisons the air in all directions. The malaria has broken out with great violence in the neighborhood and unless something is done at once diseases of a much more malignant type are inevitable. Peo-ple going by the infested region in street cars have to hold their noses, and when a north breeze prevails the vile smell is carried into the best parts of the city, filling residences and business places with just what would spread the cholera with fearful rapidity. Unless something is at once done to remedy this disgraceful condition of things; it may be pretty surely counted on that if there is any cholera going on this side of the water New York will have it and have it in its worst form.

The quarantine officers are doing all within their power to keep the disease out and are enforcing the most rigid quarantine the city has ever known. The report that a ship load of rags is on the way from Egypt to this port, is confirmed, and they will at once be confiscated on their arrival, and either dumped into the bay or burned. It is of course a well known fact that there is no more dangerous community than the cast off tatters of a population that is suffering from an epidemic, and indignation is felt at the parties who are responsible for the shipment.

The Quarantine Commission is crippled in its work by the fact that the last Legislature did not appropriate any money to pay the current expenses of the office, and the members have had to violate the letter of the law by advancing money to pay this portion of the States expenses. The situation was too urgent, however, for red tape and the officials are warmly commended for their energy in the matter. But the vigitance of the quarantine will be of little avail unless something is done to remedy the evils above mentioned. As long as the city reeks with filth and with the stench of those disease-breeding Hoboken meadows, so long will it be ripe for a

The stay-at-home policy was one of the principal causes of the defeat of the Democratic nominee for Congress in this district last fall. The Republican vote was not increased at that election. Culbertson, their nominee for Congress, was elected simply from the fact that a large number of the Democratic voters in Bracken, Robertson, Fleming and Mason counties remained at home, or stayed away from the polls on election day. Mr. Wadsworth has made several races, and whilst he has always been defeated, yet he has gained a thorough knowledge of all of the "tricks" in politics, and you may rest assured, that he will leave no means untried to secure his election. His fight will be a still one. b lieve that he is doing nothing, that he don't care for the office. At the same time the machinery of his party will be in perfect trim, and every man will be at Pineapple Hams. Home-made Yeast Cakes his post and do the work laid out for him.

This is no needless alarm upon my part I freely say, that if every Democrat does not go to work and do his whole duty from now until August 6th. Mr. Wadsworth will eatch us napping, and Mr. Kehoe, our nominee, will have but a Court St., (apl2dly) MAYSVILLE, KY. small majority, if any; and it will be heralded all over the district and State, GEO. COX & SON, that Mason county Democrats are false to be a true saying, if we suffer defeat in

August. We do not rank in the State, now, as the best Democratic county in it, for we have been untrue to our party and its nominees on more than one occasion; an energetic, competent and worthy man. He was an efficient member of the last House of Representatives, and was so acknowledged by all. His experience renders him more capable than ever. Mr. Wadsworth excels him in no attribute that goes to make up a Legislator. Why, then, can or will any Democrat

hesitate to support him? I don't believe any will falter, and my aim in writing this communication is to arouse you, one and all, to the fact, that there is danger if you stay at home. Come out and vote, all of you.

THE fruit crop in this county this season will be smaller than for many years. In some localities there is almost a total failure of apples. No damson-plums are reported, as yet, from any section. The peach crop has not amounted to anything for years, the farmers and fruit growers having almost given up the further culture of this fruit. This failure in the crop is assigned to the late frosts of last spring.

To remove the unpleasant taste which is frequently observable from new wooden vessels is a thing difficult of accomplishment. The Brewing World says that the simplest plan, and one that will dress T. A. Dorsey, Carlisle, Ky. succeed in most cases, is to scald them thoroughly severel times in boiling water, then dissolve some pearlish or soda in lukewarm water, adding a little lime to it, and wash the inside of the vessels well in the solution. Afterward scald them several times thoroughly as before.

REV. R. B. GARRETT is preaching to packed REV. H. B. GARRETT is preaching to packed houses at Grayson, Ky. On Sunday last, with the assistance of Rev. J. K. Nunnelly, of Sharpsburg, a church of fourteen members was organized. The citizens have received them most cordially, the Christian Church having proffered the use of their house until the Baptists can build. The two ministers will proceed to Willard and hold a meeting upon leaving Grayson.—Carlisle Mercury.

The Rev. R. B. Garrett, above referred to, recently held a meeting with the Baptist Church in this city, and made a profound impression upon his hearers. He is a young minister of unusual promise, who bids fair to rise to eminence and to accomplish much good in his calling.

Concerning Nathan & Co's. Consolidated Shows, which are to exhibit in this city August 4th, the Buffalo Daily Courier of June 7th, has the following to

Great crowds lined the sidewalk of various streets yesterday afternoon to witness the grand parade. In the van of the pageant appeared an open barouche drawn by a span of peared an open barouche drawn by a span of spirited horses, and containing that veteran showman, Col. Dan. Rice, together with one of the proprietors of the show. Dan seemed in royal spirits, particularly as he noticed a familiar face here and there in the crowd, and responded to the salutations by lifting his big white beaver. It was a delightful morning for a circus parade, with a temperature of about 70 and a light breeze stirring. Dan Rice's carriage was followed by a line of menagerie wagons gorgeously painted in red and gold, containing the collection of wild beasts, birds and reptiles. Some of the cars were drawn by teams of four horses, others by teams of eight; altogether making a very spirited appearance. Letter List.

It now looks as though hop-growing in this country is at no distant day to have its center in Washington Territory. Mr. E. Meeker, of that Territory, is already the heaviest hop-grower in the United States. The average yield per acre in New York is 559 pounds; in Wisconsin, 445 pounds; in California, 1,274 pounds, and in Washington Terri-

tory, 1,817 pounds. The price which beans have sold for during the last two years has been so death, in this city, Thursday afternoon, high that farmers in New England are turning their attention to this crop as one that promises profitable returns. On some farms, at present prices, it would prove a better crop than the potato; for, bean will grow well on high and quite dry land.

For baked apple-dumplings pare and take out the cores of the apples without dividing them, and make a crust to taste; roll the apples in the crust, previously sweetening them with moist sugar and taking pains to join the paste nicely. CHOLERA UNCHECKED.

Buenos Ayres Will Have No Reli gious Instruction by Law-Cetewayo Reported Dead-The German Religious Bill.

LONDON, July 26 .- Great anxiety has been caused here by the reception of dispatches at the War Office announcing the deaths of four soldiers and one officer, by cholera, amongst the British forces now in Egypt.

ALEXANDRIA, July 26-The official report gives the number of deaths at Cairo during the last twenty-four hours as 560 and at Coirbin 120. The conduct of the local Perfect and his subordinates is intolerable, and greatly interferes with the efforts of the English officers and physicians to furnish relief from the plague.

PARIS, July 26 .- The French Government proposes to vote 50,000 francs to cover the cost of a sanitary commission to

LONDON, July 26 .- It is reported that quarantine will be enforced at Dover and Leith against vessels arriving from ports infected with cholera.

A dispatch to the Times says the number of deaths from cholera at Mansurah were 13, Cibin 113, Ziftch 23, Mehallet 43 Ghizeh 95, Tantah 16; 284 deaths occurred at Cairo within twelve hours.

PARIS, July 26.—A paper has been read by Pauvet before the Academy of Science in which the writer says cholera in Egypt is likely to end in six weeks. He says that previous experience shows that the rapidity of the decrease of the disease is always in accordance with the rapidity of its spread.

GERMANY.

Berlin, July 26 — The provisions of the religious bill recently passed by the Prussian Diet, will go into effect on the 31st of July. The members of the Ultramontane party are anxious as to the effects of its enforcement and have grave fears that its working will not lead to harmony with the Vatican.

SPANISH AMERICA.

PANAMA, July 15 .- The Bolivia centennial was celebrated here, also at Guayaquil

with imposing ceremonies. LIMA, July 26 .- General Lynch published a decree calling upon all officers and chiefs in Lima who were with Coceres to present themselves within five days at Cuartel, on pain of being treated as spies.

BUENOS AYRES, July 26.—After considerable discussion in the Chamber of Deputies, the Religious instruction bill was rejected by a majority of 43.

Great floods have caused much damage in the country.

ZULULAND.

DURBIN, July 26 .- It is reported that Cetewayo has been killed.

A Woman's Disgrace.

NEW YORK, July 26 .- Mrs. Lillian Cham. bers, a handsome young woman, was arraigned in a police court for intoxication in a Bowery dive. Her little girl was found locked up in a room in another part of the city, almost dead by starvation. The woman said she was the daughter of the Rev. David West, pastor of a Methodist Church in Newport, Ky.. and that she had been married to Dr. Beers Chambers, who had been city physician of Newport. He died some time ago and she came to this city to seek an engagement as an actress. She had only partial success as an actress in Kiralfy's troupe. She says she owned a house in Newport, but that her rents were not forwarded, and that she had to pawn her effects and finally sunk into degradation. She says she is going back to Newport.
